*Brilliant drum sounds for your TD-11 sound module.*

*15 additional optimized all purpose kits.*

*Compiled and edited by your drum-tec e-drum pros.*

**Sound Examples,  
press Video Button**

Dear customer,

we would like to thank you for purchasing a TD-11 sound module from drum-tec. In addition to the stock kits already loaded we have designed 15 more high-end kits just for you, which you can download from the added flash drive onto your sound module.

## **Extended drum sound variety for your needs**

Many drummers use their TD-11 sound module for practice at home as well as onstage and we get frequent requests regarding sounds. That motivated us to design additional custom kits for you. The USB device we added to your order provides you with fitting kits for every genre.

You will find a complete summary of all the kits included on the flash drive, as well as a detailed report on all the custom allocations in the added PDF document 'drum-tec TD-11 Stick Inhalt'.

We would like to offer support by phone at 0049 5752-180622
